A

- Abscess, liver, an amoebic, presenting as a space occupying lesion of the right kidney, 756
- splenic, causing obstruction of the large intestine: first reported case, 269
- Abdomen, acute, human infection with *Yersinia* presenting as an, a new clinical entity, 568
- Adenocarcinoma, cecum, of the, with situs inversus totalis: case report, 65
- Adenoma, functioning oxyphil cell, a case of, of the parathyroid gland, 369
- vermiform appendix, of the, 344
- Adenomata, parathyroid, localization of, by selective arteriography, 25
- Air-fluidized bed, bactericidal effect of, 583
- Anastomosis, Billroth I, is it necessary to excise the duodenal ulcer with a, 150
- Aneurysm, superior mesenteric artery, a report of the fourteenth successful case, 293
- venous, of the upper extremity: a case report, 83
- Aneurysmectomy, abdominal aortic, a comparative study of morbidity and mortality, 476
- Aneurysms, abdominal aorta, of the, with special problems, 238
- intracranial, surgical treatment of, 600
- multiple, and ureteral obstruction, 444
- Aorta, abdominal, aneurysms of the, with special problems, 238
- Appendix, mucocoele of the, review of eleven cases and report of two cases, 434
- vermiform, adenocarcinoma of the, 344
- Arrhythmias, ventricular, fatal, value of electrical pacing and beta adrenergic blockers in the prevention of, 533
- Arterial insufficiency, venous stasis ulcers of the lower extremity complicated by, 495
- Arteries, great, surgical management of transposition of the, 467
- Arteriography, selective, localization of parathyroid adenomata by, 25
- Arteritis, giant cell, and polymyalgia rheumatica, with bilateral axillary artery occlusion, 421
- Artery, right hepatic and portal vein, injury to: case report with survival, 114
- Atresia, intestinal, effect of changing concepts upon the diagnosis and management of, 34
- Azathioprine, effect of, on hepatic regeneration in rats, 366

B

- Biliary atresia, progress in liver transplantation for, 389
- Biliary tract, long-term intubation of the, with silastic catheters, 198

- Billroth II procedure and vagotomy in 104 patients, gastric surgery for duodenal ulcer, 378
- Biopsies, percutaneous needle, of the liver, 155
- Bouveret's syndrome, gallstone obstruction of the duodenal bulb, 328
- Bowel, large, chronic inflammatory diseases of, surgical aspects of, 15
- Bowel segments, large and small, use of in urologic surgery: experiences with 396 segments, 677

C

- Calculus, "clothesline," after suprapubic prostatectomy: a case report, 341
- Cancer, breast, of the, advanced, treatment of, with 5-fluorouracil, 287
- colon and rectum, of the, 12
- mammary, findings at autopsy of 65 patients with, correlated with clinical treatment, 313
- tongue, of the, review of thirteen-year experience—1955-1968, 642
- Carcinoma, adrenocortical, non-functioning, 375
- colon, of the, and rectum in patients up to 25 years of age, 181
- gastric, developing after surgery for peptic ulcer, 73
- penis, in the, secondary, report of three cases and literature review, 563
- thyroid, of the, review of fifteen years' experience, 653
- Cardiac pacemaker experience: 1961-1970, 691
- Catheter, exploring, an, in the common duct, 506
- polyethylene, right ventricle perforation by, 91
- Catheters, silastic, long-term intubation of the biliary tract with, 198
- Catheterization, left heart, complications of, 472
- Cecum, adenocarcinoma of the, with situs inversus totalis: case report, 65
- Cerebral and conjunctival microcirculation; effects of pulsatile and non-pulsatile perfusion, in dogs, 61
- Cerebrovascular disease, occlusive, stroke and, review of surgical results in 383 patients, 594
- Chest, distal bullet embolism after gunshot wound of the: a case report, 106
- Chest injury, flail, management of, a review of 75 cases, 667
- Cholangiograms, operative, 746
- Cholecystitis, emphysematous, 431
- postoperative acalculous gangrenous, 371
- Cholelithiasis and cholecystitis in children, 651
- Colitis, granulomatous, and toxic megacolon: report of two cases, 67
- ulcerative, genetic implications in, 512
- Colon, aganglionosis of, and terminal ileum in a newborn infant, intestinal malrotation with midgut volvulus occurring with, 573

- cancer of the, and rectum, 12
- carcinoma of the, and rectum, in patients up to 25 years of age, 181
- diverticular disease of the, surgical management of, 490
- familial polyposis of the, 449
- filling defect in the, due to portal hypertension, 413
- volvulus of the splenic flexure of the, 351
- Cyst, bronchogenic, arising from the trachea in an adult, 555
- duplication, of the duodenum, 95
- metaplastic mesodermal, of the spleen, 97
- splenic, a case report and review of the literature, 544
- Cystic duct stump, empyema of the, 427
- Cysts, choledochal, management of: a fourteen-year follow-up, 230

D

- Diverticulitis, acute, of the ileocecal region: diagnosis and management, 408
- complications of, 121
- Dolichocolon: indications for operation, 509
- Dressing techniques, simplified, 759
- Duct, common, obstruction, surgical problems in, 125
- Ducts, extrahepatic biliary, benign neoplasms of the, 161
- Duodenum, duplication cyst of the, 95

E

- Electrical pacing and beta adrenergic blockers, value of, in the prevention of fatal ventricular arrhythmias, 533
- Embolectomy, superior mesenteric artery, 319
- Embolism, distal bullet, after gunshot wound of the chest: a case report, 106
- systemic arterial, arising from pulmonary thrombophlebitis, 503
- Extremity, upper, venous aneurysm of the: a case report, 83

F

- Fibulectomy: a radical decompression of the post-ischemic leg, 750
- Fistula, arteriovenous, application of the Doppler ultrasonic flowmeter in the surgical treatment of, 537
- pulmonary arteriovenous, 203
- Foreword, 593
- 5-Fluorouracil, treatment of advanced cancer of the breast with, 287

G

- Gallbladder stones in patients with negative gallbladder X-rays, 518
- Gallstone obstruction of the duodenal bulb: Bouveret's syndrome, 328

- Gastric surgery, special problems in, 140
- Graft, dermis, reverse, a versatile technic, 539

H

- Halothane and liver necrosis, 482
- Hand, examination of the, 661
- Head, extracranial foreign bodies in the, stereotaxic localization of, 353
- Heart disease, acquired, aorta to coronary artery bypass grafts combined with intracardiac procedures for, 700
- Hemophilia, surgical correction of flexion deformities in, 685
- Hepatic regeneration in rats, effect of azathioprine on, 366
- Hernia, Petit's triangle, incarcerated: two case reports, 527
- Hypoparathyroidism: some aspects of current surgical interest, 130
- Hypoglycemia, intraoperative, the role of preoperative arteriographic identification of the blood supply of an insulinoma in preventing, 736

I

- Ileum, terminal, and aganglionosis of colon, in a newborn infant, intestinal malrotation with midgut volvulus occurring with, 573
- Infection, human, with Yersinia presenting as an acute abdomen, a new clinical entity, 568
- Insulinoma, the role of preoperative arteriographic identification of the blood supply of an, in preventing intraoperative hypoglycemia, 736
- Interphalangeal joint, stiff proximal, operative treatment of the, 44
- Intestinal atresia, effects of changing concepts upon the diagnosis and management of, 34
- Irradiation, abdominal, complications of, 498
- Isobutyl cyanoacrylate tissue adhesive, effect of, on small bowel anastomosis in puppies, 397
- tensile strength of, 316

K

- Kanamycin, intraperitoneal, prolonged administration of, in the treatment of peritonitis, 177
- Kidney allograft rejection, massive, without oliguria, 273

L

- Large intestine, splenic abscess causing obstruction of the: first reported case, 269
- Laryngectomy, supraglottic, with preservation of laryngeal function, 393
- Leiomyosarcoma of the inferior vena cava, surgical treatment of: report of a case, 87
- Liver abscess, an amoebic, presenting as a space occupying lesion of the right kidney, 756
- Liver necrosis, halothane and, 482
- Liver, percutaneous needle biopsies of the, 155

Lobectomy, multiple organ necrosis after, 439
Lung, idiopathic unilateral hyperlucent, 548
 localized bullous disease of the, technic for
 resection of, 671
Lymphosarcoma, primary, of the stomach, 256

M

Mammary cancer, findings at autopsy of 65 patients
 with, correlated with clinical treatment, 313
Megacolon, toxic and granulomatous colitis: report
 of two cases, 67
Microcirculation, cerebral and conjunctival, effects
 of pulsatile and non-pulsatile perfusion, in
 dogs, 61
Monitoring, central venous pressure, a prospective
 study of the, 719
Moretz clip, experiences with, 100 cases, 558
Myasthenia gravis appearing after removal of a
 thymoma: report of a case and review of the
 literature, 109

N

Neoplasms, benign, of the extrahepatic ducts, 161
 malignant, of the extrahepatic bile ducts, 613
Nocardiosis, pulmonary, 729

O

Obstruction, chronic afferent loop, 753
Omphaloceles, complicated, management of, 224

P

Paget's disease, perianal, 485
Pancreas, gastric heterotopic, complications of: two
 case reports, 77
 pseudocysts of the: report of a case with un-
 usual complications occurring after treatment,
 80
Pancreatic ascites associated with an internal pan-
 creatic fistula: case report and review of the
 literature, 331
Pancreatic fistula, an internal, pancreatic ascites
 associated with, case report and review of the
 literature, 331
Parathyroid adenomata, localization of, by selective
 arteriography, 25
Parathyroid gland, a case of functioning oxyphil
 cell adenoma of the, 369
Penis, secondary carcinoma in the, report of three
 cases and literature review, 563
Peritonitis, prolonged, administration of intra-
 peritoneal kanamycin in the treatment of, 177
Pheochromocytoma: current concepts of diagnosis
 and management: a report of combined
 pheochromocytoma and multiple hepatic
 hamartomas, 455
Polymyalgia rheumatica and giant cell arteritis
 with bilateral axillary artery occlusion, 421
Portal vein, and right hepatic artery, injury to:
 case report with survival, 114

Presidential address: "The goodliest land under
 the scope of heaven," 1
Prostatectomy, suprapubic, "clothesline" calculus
 after, a case report, 341
Pseudocysts of the pancreas: report of a case with
 unusual complications occurring after treat-
 ment, 80
Pulmonary thrombophlebitis, systemic arterial em-
 bolism arising from, 503
Pylorojejunostomy, 263

R

Rectum, cancer of the, and colon, 12
 carcinoma of the, and colon, in patients up
 to 25 years of age, 181
Renal allotransplants, canine, histopathological
 changes in, after yeast respiratory extract
 (PCO) treatment, 281

S

Scalp defects, management of, 363
Shunts, portasystemic, surgically created, current
 status of, in the management of portal hyper-
 tension, 605
Small bowel resection of uremic ulcers, 265
Spleen, metaplastic mesodermal cyst of the, 97
Splenectomy, childhood: indications for and results
 from, 135
Spleno renal shunt during pregnancy, 441
Stomach, primary lymphosarcoma of the, 256
Stomach and pancreas, wounds of the, closure of,
 with tissue adhesive and autoplasic perito-
 neum patch: an experimental study, 761
Stroke and occlusive cerebrovascular disease: review
 of surgical results in 383 patients, 594
Surgery, a university department of, 706
Suture materials, surgical, tensile strength and knot
 security of, 209
Sympathectomy, lumbar, effect of, on muscle blood
 flow in advanced occlusive vascular disease,
 247
Syndrome, Peutz-Jeghers, the: a rare case of rectal
 bleeding in a child, 276

T

Testes, undescended, surgery and its results, 20
Thermal injuries, management of patients with, 637
Thrombectomy for iliofemoral thrombophlebitis,
 381
Thrombophlebitis, antepartum, management of, 587
 ovarian vein, 306
Thrombosis, mesenteric venous, in members of the
 same family: possible etiologic factor, 418
Thymoma, malignant, in a child, 742
 myasthenia gravis appearing after removal of a:
 report of a case and review of the literature,
 109
Thyroid abscess, 290
Thyroid, carcinoma of the, review of fifteen years'
 experience, 653

- Thyroid crisis today, 521
 Tongue, cancer of the, review of thirteen-year experience—1955-1968, 642
 Trachea, bronchogenic cyst arising from the, in an adult, 555
 Transplantation, kidney, renal function, recovery and rehabilitation after, an analysis of 30 consecutive patients, 622
 liver, progress in, for biliary atresia, 389
 Tumoral calcinosis: a disease of undetermined etiology, 335
 report of a case, 103
 Tumors, chromaffin, surgical treatment of, 6
 villous: experience with 217 patients, 190

U

- Ulcer, duodenal, gastric surgery for, Billroth II procedure and vagotomy in 104 patients, 578
 with a Billroth I anastomosis, is it necessary to excise the, 150
 Ulcer, gastric, benign giant, 357
 surgical treatment of, 713
 Ulcer, peptic, acid-stimulating properties of various dairy products used in treatment of, 253
 gastric carcinoma developing after surgery for, 73
 Ulcer, stasis, of the leg, pathophysiology and treatment of, 167
 Ulcers, uremic, small bowel resection of, 265
 venous stasis, of the lower extremity complicated by arterial insufficiency, 495
 Ulceration, acute gastrointestinal tract: Cushing's ulcer, steroid ulcer, Curling's ulcer and stress ulcer, 218

- Umbilical hernia, adult, a study of maturity onset of, 385
 Umbilical hernias in childhood, repair of, to prevent adult incarceration, 245
 Urachal abnormalities in the adult, 405
 Urologic surgery, use of large and small bowel segments in, experiences with 396 segments, 677

V

- Vascular disease, advanced occlusive, effect of lumbar sympathectomy on muscle blood flow in, 247
 Vascular disease as a basis for orthopedic complaints, 301
 Vena cava, leiomyosarcoma of the, surgical treatment of: report of a case, 87
 Ventricle, right, perforation by polyethylene catheter, 91
 Volvulus, midgut, intestinal malrotation with, occurring with aganglionosis of colon and terminal ileum in a newborn infant, 573
 Volvulus of the splenic flexure of the colon, 351
 Von Recklinghausen's disease of the skin, gastrointestinal bleeding as a manifestation of, 296

W

- Wilm's tumor, experience with, in childhood, 723
 Wound, gunshot, of the intestine, pregnant uterus, and placenta with maternal and fetal survival, 308
 Wounds of the stomach and pancreas, closure of, with tissue adhesive and autoplasic peritoneum patch: an experimental study, 761
